

Who We Are

Our Mission

Midwest Homestead Solutions provides hands on support and consultations in the Kansas City Area. Providing rental equipment for chicken processing, practical experience, and solutions to common challenges when starting and operating a small scale farm or homestead.

What We Believe

The three ethics of Permaculture are: 1. Care of the Earth 2. Care of People and 3. Limit Consumption and Redistribution of surplus

Through Midwest Homestead Solutions we are looking to do all three while focusing primarily on Care of People. **Mark 12: 30-31** You shall love the Lord your God with

all your heart, and with all your soul, and with all your mind, and with all your strength. The second is this, You shall love your neighbor as yourself. There is no other commandment greater than these.

Start a legacy by feeding your family with healthy food that has been raised in a humane manner and with personal care and commitment. We all must start somewhere. Why not in your own backyard? Society has lost the bond between life and death and where their food actually comes from.
